

Environmental Policy Statement

Murform Limited recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the provision of formwork, rebar, concrete, structural timber and hybrid frame construction services. It is Murform Limited's declared policy to operate with and to maintain good relations with all regulatory bodies.

It is Murform Limited's objective to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- a) Assess and regularly re-assess the environmental effects of Murform Limited's activities
- b) Training of employees in environmental issues
- c) Minimise the production of waste
- d) Minimise material wastage
- e) Minimise energy wastage
- f) Promote the use of recyclable and renewable materials
- g) Reduce and / or limit the production of pollutants to water, land and air
- h) Control noise emissions from operators
- i) Minimise the risk to the general public and employees from operations and activities undertaken by Murform limited.

The directors of Murform Limited personally commit to this policy, will ensure the necessary resources are provided to implement it, and task all employees with the personal aim to achieve our goal.

This policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.

Signed

Mr Lee Murphy
Director
